Enameled inserts are a kind of antique fireplace insert.

Enameled inserts are made up of three parts held together by a metal curtain which opens on the hearth.

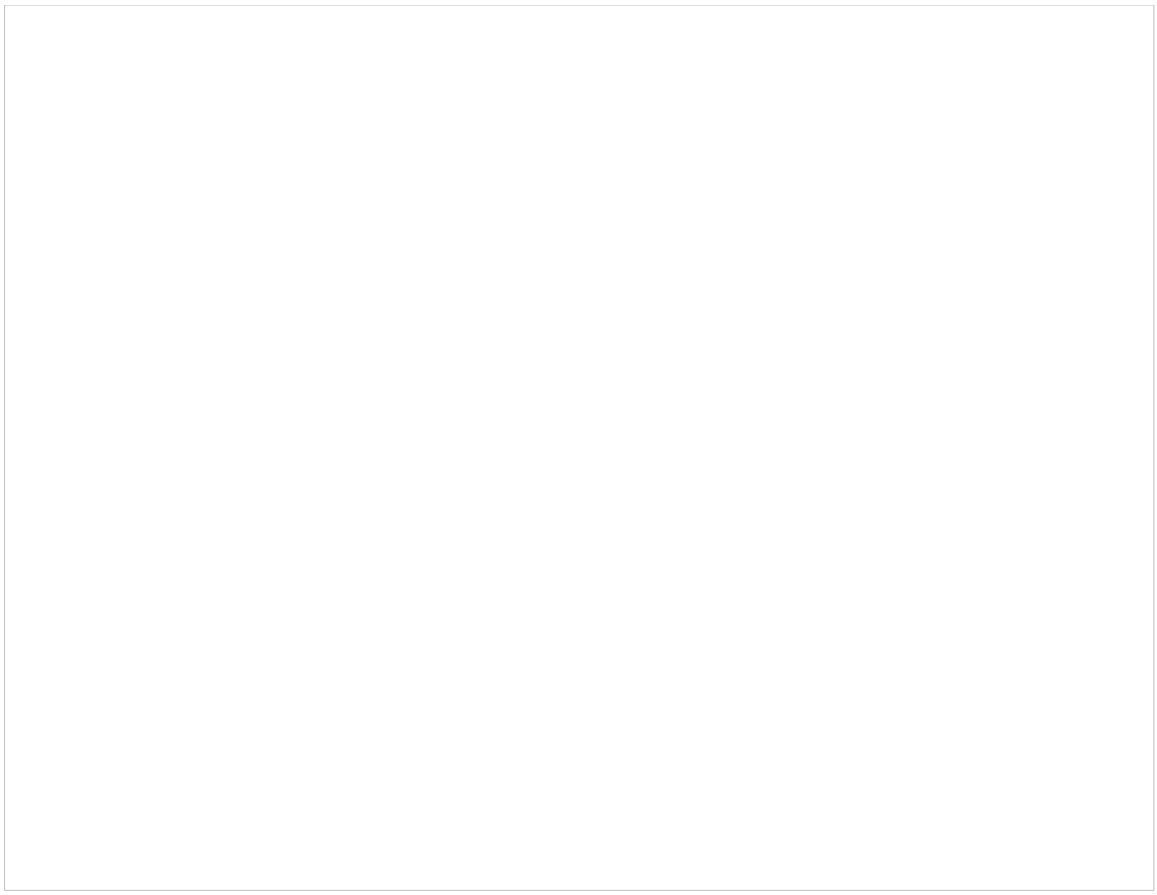

There are several categories of enameled inserts.

1. **Modern enameled inserts**

   For our clients, we manufature modern enameled inserts.

   - White enameled insert with metal curtain :

   - Black modern enameled insert with metal curtain :

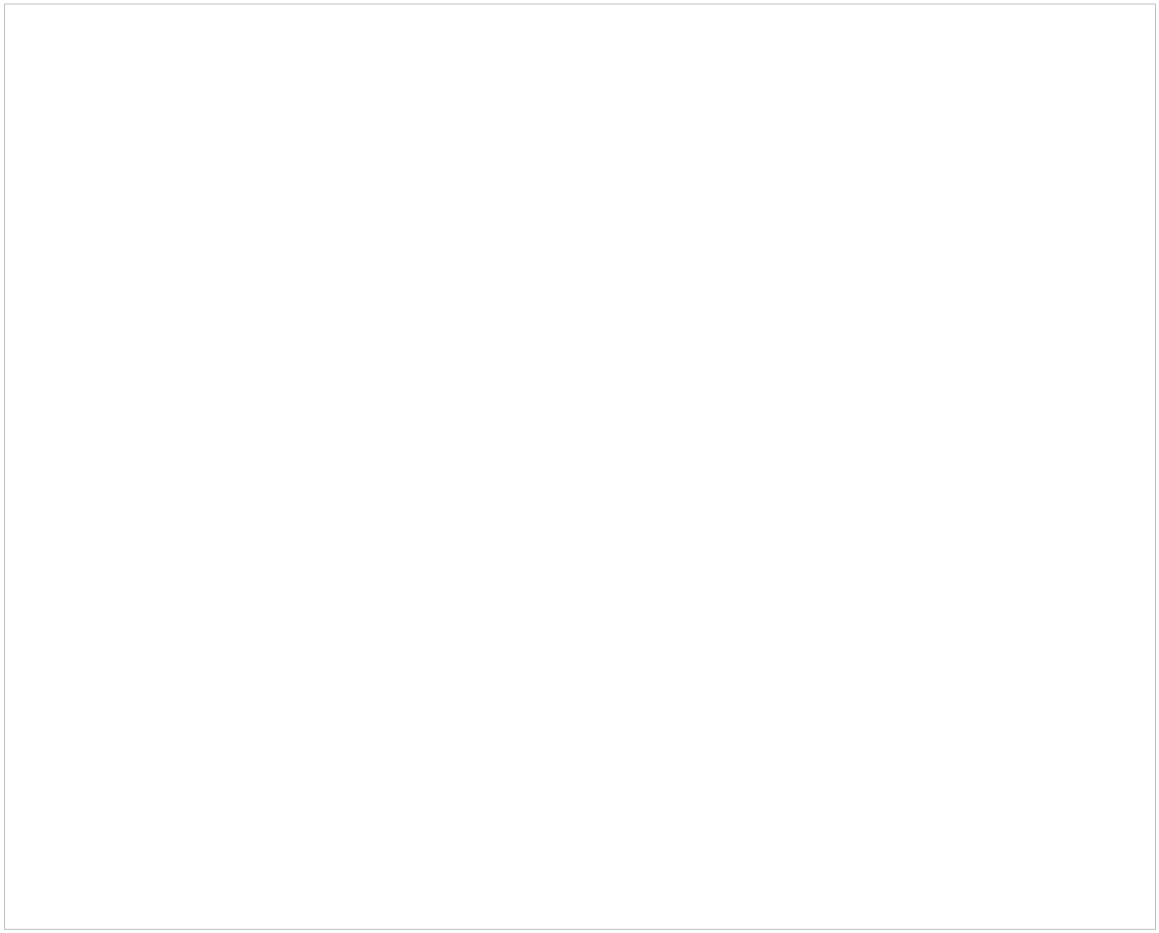

2. **Antique enameled inserts**

   - "Standard" antique enameled insert. These enameled inserts were made during the 19th century.

- Antique decorated enameled insert. These enameled inserts are utterly exceptional and quite rare.
